

## We supply:

- Egger Laminate Worktops
- PWS Doors
- F G Parker Doors
- Replacement Door service (including Made-to-Measure)
- F G Parker Cabinets
- Caple Appliances, Sinks & Tap
- Plus much more...

Unlike other companies we don't inflate our prices to then offer a variable discount, we immediately offer an affordable price so we don't need to offer a false discount.

We do offer a small range of free handle choices when placing your kitchen order.

## About Us

Phase 3 Kitchens is the retail brand created by F G Parker & Co LTD, founded in 1950.

We're a family run business providing local employment in Bridport and surrounding areas for nearly 70 years, we have years of combined experience with manufacturing in the kitchen and furniture industry.

Having previously been exclusively a manufacturer to kitchen companies, our aim for Phase 3 is to offer you a direct route to the manufacturer, offering you a high quality product at a very affordable price, cutting out middle man fees!

## Appliances

Caple has a style, price and quality to suit any home and more importantly, any budget. The Caple brand is now well-known for being reliable, innovative, and superb value for money.

Offering a wide range of quality sinks in Granite (composite), Ceramic, and Stainless Steel, with elegant tap options to suit.

Leading the way in their design, Caple offers 3 ranges in their appliances:

Classic, Sense, and Sense Premium

With a selection of choices within each range, you'll be able to find an option that fulfils your requirements and your style choices.

From just the sink and tap, to replacing every appliance, we're happy to quote for as little or much as you'd like us to!

## Laminate Worktops

We are able to offer Egger laminate worktops with a wide variety of different finishes to perfectly compliment your kitchen.

These are a high quality laminate worktops that cut and fit like a dream, but at a very affordable price.

Laminate worktops are not only very low maintenance but durable, making it very easy to see why they're such a popular choice for your worksurface!

With a large demand for these, we hold the most popular colours in stock, helping not only pass further savings onto yourself, but also ensure they're readily available for your kitchen order.

**Both of these colours are in stock!**

*Below: Cosmic White (Gloss)*

## Premium Contract Doors

With the ever growing popularity of our contract doors, we have now added 3 premium finishes to this range from the most popular new decors currently available.

These are made internally at our manufacturing premises, in order to offer a highly desirable budget friendly option. They are all 18mm Slab style doors, with different styles - such as gloss or a high quality wood effect.

**Gloss Dust Grey**

**Bardolino Oak**

**Halifax Oak**

These styles have a wide variety of door sizes available at very affordable prices, but to keep these prices down, they do not have every possible option to go with these (such as modern cornice/light pelmet, curved/glazed doors etc.). By offering a more rounded edge on these Slab style doors, you can mix between both Traditional and Contemporary styles by combining different shades, offering a real twist on your regular formats.

**Price Guide: £**

## Replacement Door Service

If you're happy with the current lay-out of your kitchen but simply want to start to modernise it, we also offer a replacement door service.

Using our wide range of kitchen door styles (*these are based on modern cabinets, for a bespoke service we offer made-to-measure below*), we're able to offer all the accessories to complete the updated appearance of your current kitchen.

Using the latest in computerised technology, we will be able to match your current doors within a tolerance of 0.5mm. Such capabilities are why we can ensure that the new doors will go on as smoothly as the old doors came off, making the whole process a breeze!

## Made-to-Measure Service

From our production facility in Bridport, we're able to use the latest manufacturing technology to offer a far more bespoke service if that's what you require.

Not only can we produce panels to any size that you require in a huge variety of different colours and finishes (*the image to the right shows just how many different styles are available*), but also we can then go ahead and manufacture made-to-measure doors too, by adding our replacement door drilling service to our made-to-measure panel service.

This is why we can also offer matching end panels and plinths to complete your updated kitchen look.

Porcelain

Graphite

Dove Grey

Cashmere

## Belsay

Belsay is an affordable 18mm 5 Piece construction Shaker style door, with V style joints and a chamfered centre panel, readily available in the 4 matt painted colour options above, with a grained texture running through.

This popular style has stripped back the accessory options available (such as curved units), in order to maintain a desirable, yet very affordable traditional option.

Price Guide: £ £

**Gloss Cashmere**

**Gloss Dove Grey**

**Gloss White**

## Mode

Mode is an 18mm Contemporary finish Slab style door, available in 3 gloss lacquered colour options. This popular style has once again limited the number of accessory options, and also reduced the amount of door size options slightly, in order to be as affordable as possible.

By keeping much squarer edges, Mode is an ideal choice for your contemporary kitchen keeping sleek lines throughout.

**Price Guide: £ £**

## Milbourne

Milbourne is a 22mm traditional 5 piece construction shaker style door with a grain structure that is over-painted. This is readily available in the 10 colour finishes above.

Simple and chunky in its timeless styling, you'll have both a subtle textured finish and feature V groove joints, at a very affordable price.

Adding a traditional twist into an otherwise modern kitchen, keeping it completely traditional, or going for the ever-popular Farmhouse look, Milbourne is able to suit varying different styles with ease.

Readily available in a range of contemporary colours, such as Charcoal and Partridge Grey, it's not hard to see why Milbourne is our most popular Shaker design.

Price Guide: £ £

## Fitzroy

Fitzroy is a single piece construction 18mm HDF Shaker style door, readily available from a choice of 7 colours, in a smooth, matt painted finish.

Coming with a wide range of accessories, Fitzroy is an extremely versatile door for both the modern and traditional look.

Adding a twist on an otherwise traditional or contemporary kitchen, the choice of accessories when completing the Fitzroy look can dramatically change the overall style and finish off your kitchen to suit your individual requirements.

## Mornington Shaker

## Mornington Beaded

Mornington is a 20mm 5 piece construction Shaker style door with a solid Ash frame, and optional beaded decorative detail. Readily available in a choice of 6 matt painted colours, this is the most popular of our higher end timber door option.

With a choice of door styles in its distinctive ash-grained door and neutral warm colour choices, Mornington has options which allow this usually traditional style of door to be used in a modern finish, highlighting the features of other options you could use to compliment this.

## Porter

Porter is an 18mm MDF Slab door, with a painted finish that then has a matt, or gloss lacquer dependant on the finish you prefer. Readily available with 8 matt and 8 gloss colour options, ready to complete your ultra-modern look.

These simple Slab doors have generous versatility with a wide variety of door sizing available, and with a timeless appeal it's easy to see why this is one of our best-selling door styles.

The addition of one of our elegant handle choices can make your doors stand out, or keep within the sleek lines and allow other features to truly take your breath away.

Alternatively, Porter is also available in a full range of sizes for our handleless rail system – where the uninterrupted flow of the kitchen appeals to the latest modern styles.

Price Guide: £ £

## Remo

Remo is a 22mm HDF 'JPull Profile' Handleless door, readily available in a choice of 7 painted colours with a matt lacquer, or 8 painted colours with a gloss lacquer.

The streamlined and uncluttered looks achieved with Remo are part of the appeal, with its effortless opening of doors using the JPull handleless system and sleek finish adding to the charm of this ultra-modern style.

With the uninterrupted handleless design offering effortless cleaning, this European influenced style brings an unfussy sophistication that is pure and simple: keep it minimalist, or add bold touches to give it your own influence and design.

Price Guide: £ £ £

## Ellerton

Ellerton is a single piece construction 18mm HDF matt finished Shaker style door, with a reverse chamfer detail, readily available in 3 matt lacquered colours.

Adding a more traditional twist on an otherwise contemporary finish, Ellerton comes with a delicate centre panel and narrow frame, defining the overall refined feel. The timeless appeal of this shaker door meeting the simplicity of a handleless system creates an enduring appeal, reopening the possibilities within a classical contemporary twist designed kitchen.

We have 2 handleless rail systems available:

- Flush rail (for the likes of Ellerton, with a chamfered edge finish)
- Recessed rail (for the likes of Porter, with a square edge finish)

With a variety of colours to choose from to either blend in, or grab your attention, you have wide flexibility for different styles within this modern look.

Price Guide: £ £ £ £

## Our Units

All of these door styles and colours complement our choice of Carcass colours. With 4 standard colours to choose from, you can adapt the overall style of your kitchen by changing the colour of the internals!

The 4 colours to choose from are:

White

Titanium

Lancaster Oak

Grey Bardolino Oak

Quality is at the forefront of everything we produce; starting from the very bottom with high quality feet between the cabinet and the floor, ensuring the best components are used such as **blum** soft close hinges and **blum** Tandembox Drawer systems as standard, to using solid 18mm backs all the way to the top, each cabinet is built to a high specification, with the flexibility to be disassembled to get around unforeseen problems when installing! Each cabinet has been individually inspected for quality before being packaged ready for transport, so you can guarantee it's a high quality product received each time, every time!

Your units are made-to-order alongside our trade customers, so rest assured that you're receiving the same high quality product at a very affordable price.

We also offer Legrabox - the latest in drawer technology from **blum**

Offering a wide range of additional features, such as sink surrounds and hidden drawers, and push-to-open, these quiet effortless drawers will truly set your kitchen apart.

## Accessories

To really complete the finish of your kitchen and ensure you get the maximum potential from every area, we offer a variety of additional accessories to complete your kitchen. These can include:

- Waste Management
- Hidden Cutlery Drawers
- Base Pull Outs
- Larder Pull Outs
- Corner Storage Solutions
- Lighting
- Drawer Organisation

But to name a few. Speak to your designer today to go through the options available for your new kitchen, and they will be happy to suggest ones that are suitable for your individual needs and budget.

## Corner Pull Outs

Not only are our Kessebohmer corner pull outs leading the market in advancement, we can even pre-install these pull outs into your units, saving your fitter time on site, and ensuring they fit perfectly every time!

This is available upon request, so please ask your designer to include this when going through your new dream kitchen.

Your kitchen order will be made-to-order specifically for your individual requirements. Each component goes through multiple quality inspections prior to going through our stringent booking in and out process, to ensure that you receive your entire kitchen order in full not only on time, but without any issues.

Our design team will take you through each stage of the process ensuring full transparency, and putting you at ease by making it easy to understand. We pride ourselves not only in the quality of our products, but in the quality of the service we provide. This is how we can boast that over 50% of our trade comes from recommendations, or repeat business!

So what are you waiting for? We offer a **FREE, no obligation** design service, and none of our team work on a commission basis, so you should never feel under any pressure if you're unsure or not ready yet for the kitchen. We're happy to help where we can, and want to help put you at ease through every step in this process, knowing how much of a commitment a brand new kitchen can be!
